It is not generally known that one of the States of the Union supports a population more dense than that of any nation on the Globe, except Great Britain, Italy and Belgium. Yet such is the case with Massachusetts. The present census shows that Massachusetts has a population of \$1 783,812, or about 228 to the square mile, the num ber of square miles in the State being 7800. The population of Italy is but little greater, being 243 to the square mile; that of Great Britain 268, while that of little Belgium is 469 to the s mare mile.
